

## LEADERSHIP AND PHILANTHROPY

A critical part of Ronald McDonald House Charities of Rochester, NY (RMHCR) success lies in the extraordinary support and dedication of people like our founder, Nancy Robbins, and others who have sought to ensure their generosity would continue to help families in need as part of their legacy.

*Nancy Robbins*

Nancy Robbins is one of our most articulate, influential, and historical ambassadors for RMHCR. Nancy's circle of influence widened with each conversation she had, while she rallied the community's support and created credibility for the value of these powerful and important supportive services. Her personal experience as a mother of a child receiving critical care made her the most knowledgeable source to speak about the importance of this powerful mission. Nancy's unrelenting focus combined with her compassion and determination helped to place one brick on top of the other, both literally and figuratively... which built the chapter we celebrate today.....the lady with the yellow boots.
